**Fever and Ague Extinguished.**

Martyrs to Intermittent Fever, a word with you. The responsibility for your suffering rests upon yourselves. Just as surely as you shake to-day, or will to-morrow, Hostetter's celebrated Stomach Bitters will extinguish the disease under which you labor. Had you taken this genial tonic as a preventive you would have no need of it as a cure, for it renders the system impervious to all miasmatic fevers. But since you neglected the precaution, rid yourselves without delay of the complaint by resorting to the only reliable remedy. Break the chills with Hostetter's Bitters, and they will return no more. This is the experience of thousands, and it will be yours. Quinine is a slow means of relief; it is nauseous to the last degree; it is more dangerous than the malady itself; in many cases it utterly fails. How different is the effect of the bitters. Their curative action is rapid they are agreeable to the palate; they are not only entirely harmless, but tend inevitably to strengthen the constitution and prolong life; they never have failed, and it is confidently assumed that they never can fail in any case of Fever and Ague, however inveterate in its character. To be without Hostetter's Bitters in any region infested with Intermittent or Remittent Fever is simply to reject safety and court disease.

**Hostetter's Bitters**

Are sold wholesale and retail at very low rates at Fleming's Drug and Patent Medicine Depot, No. 81 Market street, corner of the Diamond and Market, near Fourth street.

**Spring and Summer Goods.**

The well-known store of Mr. John Weier, Merchant Tailor, No. 126 Federal street, Allegheny, has been lately fitted up with a new assortment of spring and summer goods. The stock has been well selected, and embraces all the numberless articles needed for gentlemen's garments. A large stock of ready-made pants, coats, vests, &c., will also be found in in his establishment. His stock of furnishing goods cannot be surpassed. Persons desiring to purchase a good suit of clothes would do well by giving Mr. Weier a call.

**Thomas W. Perry & Co.,**

Practical State Roofers, and Dealers in American slate of various colors. Office at Alexander Laughlin's near the Water Works Pittsburgh, Pa. Residence, No. 78 Pike street. Orders promptly attended to. All work warranted water proof. Repairing done at the shortest notice. No charge for repairs, provided the roof is not abused after it is put on.

**Carpenter Jobbing Shop**

Having returned after an absence of three years in the army, I have re-opened my shop for all sorts of jobbing in the carpenter line at the old stand, Virgin Alley, between Smithfield street and Cherry Alley. Orders solicited and promptly attended to.

"MY POLICY."—Mr. Von Bonehorst, President Lincoln's appointee as postmaster at Pittsburgh, has been removed, and Wade Hampton, relative of the rebel General of that name, is appointed to his place. Mr. Von B. is one of the most efficient and popular officers in the whole postoffice organization, and was endorsed by the republican party of his district, as well as the Pennsylvania House delegates in Congress, and his removal causes general regret and indignation. This removal of Mr. Von B. was made over the head and without the knowledge of the Postmaster General. The first he and his assistant knew of it was the reception, yesterday, of a card of thanks from some of the copperheads of Pittsburgh to the President and Postmaster General for the appointment of Mr. Wade Hampton. They at first regarded it as a "sell," and a certain very conservative Iowa Senator was quite indignant at the perpetration thereof.—*Washington Dispatch to the New York Tribune.*

## From New Orleans.

NEW ORLEANS, April 26.—Five thousand dollars was realized by the Washington Artillery ball last night, for disabled members.

The Mississippi Valley Company claim $30,000 damages for the removal of levee embankments. The city employed Major Clinton, of General Canby's staff, to defend the suit.

The cotton levee is universally defective and must be replanted.

Fears of a general overflow of Morganza levee are entertained. Parties were sent to close St. Bernard crevasse.

Bull little sugar can be planted in Teche county for want of seed.

NEW ORLEANS, April 26.—The Odd Fellows celebrated their fifty-anniversary day. A regalia procession and address.

The Opelousas Railroad Company are prepared to build from Algiers to New Iberia. The telegraph line to Houston is progressing rapidly.

The closing of Boutigny Crevasse cost thirty thousand dollars, no attempt will be made to close the crevasse above. Efforts are making to save Morganza grand levee. The water is rising in Red and Mississippi rivers.

The Methodist Conference elected four new Bishops—Weighitman, of Georgia; McGlynne, of Louisiana; Lagest, of Virginia; and Maryin, of Kentucky, all Missouri men, and the choice was nearly unanimous.

The cotton receipts for April, up to the 25th inclusive, was half a million dollars in gold.

Sailed: The steamer Hawkstone for Boston.

## Brig Overloaded—Suspicious Schooner.

PORTLAND, Me., April 26.—Captain Rose, of the brig Scotland, from Matanzas, reports that in latitude 37 deg. and longitude 68 deg. he was chased by a schooner carrying the English flag, which overhauling him, ran under his stern, and ascertained his name. The Captain of the schooner then hailed deep laden and requested the position of the vessel according to the existing treaty, remarking that he was from Africa and suspicious, (the profession of the importation of opium according to the existing treaty remains in full force.) Iron in pigs or bars, sugar, in loaves or crushed, lime and glass were, of course, contraband and watch chains, wines, and spirituous liquors.

The Captain of the Yankee Rose importing or exporting any of the above articles pay the duty fixed on them, which in most cases goes to those of their own race or creed.

The President has appointed Martin Lewis as Vice Consul of Denmark for the State of Maryland.

Mrs. Jeff Davis.

MONTREAL, April 26.—Mrs. Jefferson Davis and family left this city for Europe to-day.

### ONE DAY LATER FROM EUROPE.

### Debate on the Reform Bill.

### PANIC IN THE STOCK EXCHANGE.

### The Austro-German Question.

### LATEST FOREIGN MARKETS.

PORTLAND, Me., April 26.—The steamer Nova Scotia, from Liverpool on the 12th via Londonderry on the 13th, arrived her on the 26th. Her dates are one day later.

The German question remains without change. The panic in funds and cotton continues.

The debate on the Reform Bill commenced in the House of Commons last night. Mr. Gladstone moved the bill to a second reading.

Earl Grosvenor moved his amendment to the bill and for a postponement of its consideration. Lord Stanley seconded the amendment, when the debate was adjourned.

LIVERPOOL, Friday Evening, April 13.—Cotton—Sales of the week, 49,000 bales, including 35,000 to speculators, and 1,200 to exporters. The market is downward, with a decline of 2d per pound. American sales to-day, 7,000 bales, including 1,800 to speculators and exporters. Market closing dull and downward, with a tendency to decline on all qualities. Authorized quotations are as follows: Orleans fair, 18d; middlings, 16d. Mobile fair, 18d; middlings, 15¾d; uplands fair, 14¼d; middlings, 15¾d; stock on hand, 600,000 bales, including 307,000 bales American. Manchester market dull and nominal.

There was a little more business in the cotton market yesterday, but the decline since last Friday has been equal to two pence per pound. The last price of cotton shows a decline of ⅝ pence.

The *Times* city article says: The panic in the Stock Exchange became more general yesterday, and nearly all descriptions of foreign speculative securities closed at a further disastrous fall. Three failures have already occurred in the Stock Exchange, in connection with the approaching half monthly settlement.

The reports from the Paris bourse are that creditors of the Mobilier Company have again been large sellers of all the principal securities. On this account the apprehension of a war have greatly increased.

The extent to which the shares of a great majority of the mining companies have been in the hands of weak holders is evi lently much greater than was supposed, and it now appears as if the market could not settle into a healthy condition until a general change in this respect shall have been effected. After business hours there was a great renewal of the panic. The discussion demand at the bank remains moderate, the supply of money in the open market being ample.

The *Star* calculates on a majority of thirty in favor of the Reform bill. The *Chronicle* says that Mr. Gladstone's budget will contain several small but progressive changes, sweeping away certain minor custom duties, and dealing with the duties on timber, spirits and wines, &c.

It is stated that the government has sent orders to Mr. Rawson, the Governor of the Bahamas, to assume the Governorship of Jamaica on the 30th inst., in Henry Storks.

Satterthwaite's Circular of the evening of the 11th inst. says: The political difficulties in Germany continue to entertain an adverse influence on American securities, and the quotations, both of government and railroad securities, are relatively considerably lower than New York prices, owing to the large Continental account. Five-twenties have been largely taken for shipment to New York, and, on the week, show only a fractional decline, being last quoted at 71¾@72. Illinois and Erie were at one time in request, and were taken as high as 82@82½ respectively, but from these prices there has been fully a dollar decline. Illinois closing at 80¾@81½, and Erie at 54¾@55.

FRANCE.—The Senate upon the petition for the modification of the Constitution relative to the right of petition, has adopted the previous question.

SPAIN.—It was stated that Gen. Lesaundi had been nominated Captain General of Cuba, vice Gen. Dulce, resigned.

TURKEY.—Constantinople advices say that an army of 60,000 men were watching the Christian provinces of Turkey, and would enter the Principalities should disturbances arise.

*London Money Market.*—There was a continued business in funds. Consols slightly declined, and in many other securities, especially foreign stocks, almost a panic prevailed.

The *Times* of the 12th in its city article says the only fact before the public is that all proceedings between Austria and Prussia are from day to day identical with those which have usually preceded every modern war between powerful nations.

The *Press* of the 12th publishes a telegram stating that the Prussian reply to the last Austrian note gives a decisive refusal to the Austrian demand that Prussia should withdraw its order for the mobilization of its troops, this order having been issued only as a defensive measure. The Prussian note further declared that warned by the fact of the Austrian government having made warlike preparations, the Prussian Cabinet is bound to consider these preparations as destined for aggression against Prussia.

The Vienna *Morning Post* says: The German governments have unanimously determined upon the placing of the Federal Diet to reject the Prussian proposition for the reform of the Diet. At the same time a motion is to be brought forward requesting the Diet to summon Prussia to discontinue its armaments.

The Berlin providencial correspondence says that Prussia has a well-founded hope that the general government and people will support the proposition for reforming the Constitution of Germany.

## CHOLERA NOT CONTAGIOUS.

## THE SEIZURES AT EASTPORT.

NEW YORK, April 26.—Quite an interesting statement was made to the Board of Health yesterday, tending to show that cholera is indigenous and not necessarily contagious. It appears from the reasons of the State emigrant hospital that between the 22d November and the 20th of December, 1865, there were taken from the ships moored to the Island twenty-seven of which were fatal. These patients had no communication with the passengers by the Atlantic, yet they contracted the disease, and all the most marked symptoms of cholera.

The Boston *Journal* gives the following account of the seizure of arms and equipments at Eastport: Information being passed by Collector Long, of the district, that the Eppay had sailed from land with munitions of war, intended for the Fenians, received instructions from Washington to detain them and consult with United States District Attorney Talbot, of Portland, as to their disposal. Without authority, however, Collector Long not to seize the vessel or cargo unless the arms were to be sent to a foreign port. The vessel and cargo, lying under the guns of the gunboat Winooski, were then held in charge by her until the following night, during which seven cases were obtained and carried off in a surreptitious manner by parties supposed to be Fenians, who have remained thus far undetected. Next morning the remaining twenty-two cases were removed and were moved to Fort Sullivan, where they were placed in charge of Colonel Ransom, of the 3d United States Artillery, who is commander of the post. That night the guard was doubled. Colonel Ransom patiently awaiting his visitors, but none came. Next morning, on the arrival of Major General Meade, the latter approved of this final dispatch of the schooner's cargo, which still remains in the fort.

Each one of the cases have been opened, and it is found that in whole contain 8,000 rifles, one hundred Springfield and Enfield muskets and carbines, all of which bear indications of having seen service. Quite a number it seems by the inscriptions attached to them were contributions to the Fenian cause by private citizens of Washington, Philadelphia, &c. There were also 100,000 ball cartridges, together with a number of bayonets and cartridges. Twenty-four hours after the seizure of these war munitions was made, Mr. Kerrigan called on Gen. Meade and demanded his property pertaining in nowise to the United States merchant of New York, and was here for the sale of the arms. Meade's reply was that it was certainly a strange coincidence, that he should just at this time when there was such an influx of strangers, be here to dispose of such kind of property; that the United States Government was not here for the purpose of seeing that the neutrality laws were not broken, and that he could not on early legal call attention to the seizure of other arms, &c., under the same circumstances. It was probably the seizure of these arms that caused the Fenian gathering, where it was finally to be definitely decided. In the meantime the schooner has been released, and has gone to Pembroke, where she is owned.

## JAPAN-AMERICAN CONVENTION.

## Reduction of Import Duties.

WASHINGTON, April 26.—The President has proclaimed the convention between the United States and the Empire of Japan for the reduction of import duties. The following articles used in the preparation and packing of tea shall be admitted at the reduced duty of five per cent. ad valorem: Matting, cotton, paper and mattings, the prohibition of the importation of opium according to the existing treaty remains in full force. Iron in pigs or bars, sugar, in loaves or crushed, lime and glass wares, of the coarser kinds and watch chains, wines, and spirituous liquors.

The Secretary of the Treasury issues instructions that articles imported or exported accordingly shall pay the duty fixed on them, which in most cases goes to those of their own race or creed.

The President has appointed Martin Lewis as Vice Consul of Denmark for the State of Maryland.

## INCOME FOR THE PRESENT YEAR.

### Rebel Newspaper Publisher Pardoned

### THE GOLDEN CIRCLE CONSPIRATORS.

### Confirmations by the Senate.

NEW YORK, April 26.—The *Tribune's* special from Washington says: The Treasury Department estimates that the national income for the present year will reach five hundred million dollars. The balances at present at the command of the Secretary from all sources are believed to be fully one hundred and sixty million dollars.

Colonel Nixon, who to-day received his pardon, is publisher of the New Orleans *Crescent*, the paper edited by General Simon Bolivar Buckner, who deserted from the Union army after two months' service, in 1861, the most atrocious rebel sheet published anywhere in the southwest, which, in April, 1862, while under the management of Nixon, invoked the terrors of the yellow fever against Gen. Butler's army, then besieging Fort St. Phillip.

There appears to be a general misunderstanding as to the result arrived at by the Supreme Court in the case of Mulligan and the Golden Circle conspirators. The line of argument on the Constitutional questions put forth by General Butler was not objected to seriously, but the case went off in the habeas corpus act of 1863. The Court stood five for the discharge of the petitioners and four against, and it is well understood that no two Judges agree on any fine of reasoning, but each will deliver an opinion of his own.

A petition is in circulation here praying Congress to enact a civil code and general corporation law, and allow the District a delegate in Congress.

A canvass of the different departments of the government is at present being made to ascertain the number of employees who honorably served in the Union armies, with a view to the discharge of incompetent clerks and the appointment of ex-soldiers.

An important decision, materially affecting broker's sales, will shortly be issued by the Commissioner of Internal Revenue.

In view of the immense amount of mutilated and redeemed paper money daily destroyed at the Treasury Department, the Secretary has determined to adopt the suggestion of the superintendent of Printing, made two years ago, recommending, instead of burning, the conversion of all such currency into pulp, for the manufacture of stationery for the Department. General Spinner estimates that the entire Department can by this process be supplied with envelopes, thereby saving the Government an expense of from eight to twelve thousand dollars per year.

The Senate in session to-day confirmed the following Collectors of Internal Revenue: Jefferson R. Western, Nebraska; S. T. Gage, Nevada; James G. Orr, Wheeling; Nathaniel B. Langford, Montana; Agent of the Washita Indians, Henry Shanklin, of Kansas. Assessors of Internal Revenue: Rev. Albert G. Leonard, of Parkersburg; John Connell, of Newton, Iowa; Mrs. Elizabeth Brown, at Logansport, Indiana; A. H. Hallowell, at Kansas City, Missouri; G. A. Benedict, at Cleveland, Ohio. Register of Land Office: Frank Street, of Iowa. United States Marshal for the District of Minnesota, Chas. Easton.

The Senate to-day confirmed a large number of military appointments, among them Brigadier General John M. Thayer, of the United States Volunteers, for gallant and meritorious services during the war, to be Major General by brevet, and Brigadier General Wager Swaine, to be Major General of Volunteers.

The following Brigadier Generals are brevetted Major, for services distinguished, gallant, faithful or meritorious services: Joseph R. West, Thomas J. McKean, Byron R. Pierce, Guiz Fisher, Henry Warren, Cyrus Hamlin, James B. Fessenden, Thomas Ruggles Smith, Robbins H. Ketchum, S. A. Duncan, Henry B. Banning, John H. Martindale, John M'Niel, Mason D. Brayman and W. S. Wood.

Also, the following Colonels to be Brigadier Generals by brevet: T. H. Bennett, Frank J. White, Darius B. Warner, Lewis G. Brown, George W. Monroe, Charles Markle, Hal. Shafer, John Pattie, Thomas S. Brown, W. J. Landisan, Thomas Sherman, Jr., and Joseph L. Smith.

The Senate confirmed Brevet Colonels Ely J. Parker, Lieut. Col. to be Second Lieutenant in the Second Regiment of Cavalry. Brevet Col. Adam Badeau, Second Lieutenant Fourth Regiment of Infantry. Major George K. Leet, Assistant Adjutant General Volunteers, to be Assistant Adjutant General in the Army. Captain in the Regular army. The Senate also confirmed a large number of other appointments.

## STILL LATER FROM EUROPE.

### Arrival of the Steamship Africa.

### OUR RELATIONS WITH FRANCE SERIOUS

### *The German Crisis Continues.*

### THE ENGLISH REFORM BILL.

### Accident at the Chelton Races.

HALIFAX, April 26.—The steamship Africa arrived here at 3 o'clock this afternoon. She brings Liverpool dates of the 14th and Queenstown of the 15th inst., with two days later news.

*Liverpool, April* 14.—The funds to-day remained dull, but closed rather firmer, all tending to a panic on the Bourse.

The Paris correspondent of the London *Times* says that one of the disquieting rumors was that the relations between the French and United States Governments were such as to justify the very worst fears; all, of course, on account of Mexico.

The same writer says that the hopes of peace in Germany are rapidly advancing, and he intimates that the semblance of neutrality by France, to be sincere.

Warlike rumors continue to circulate in Vienna and Berlin, and armaments continue.

A Vienna dispatch says that the Prussian reply to the last Austrian note was received on the 13th inst. It declined, in laconic terms, to accede to the demand of Austria for the mobilization of the Prussian forces.

*London Money Market.*—Money in good demand, the discount rate remaining at 6 per cent, on stock exchange 9. Excessive distress prevailed and numerous insolvencies occurred were lower. Consols reached lower than since Crimean war, but afterwards slightly rallied and closed at 89¼@89¾.

*Latest via Queenstown.*—*Liverpool*, 15.—The Paris bourse was firm, rentes closed at 69f 95c.

The German crisis continues.

The news from Vienna is still warlike. The Independence Belge has reason to suppose that the question of armaments will be satisfactorily settled by mutual and simultaneous disarmament. It is inferred that confidential overtures have been made to Prussia by Austria to that effect.

*Liverpool.*—Breadstuffs—Richardson, Spence & Co., and Wakefield, Knap & Co., report Flour firm. Wheat firm for American white; other descriptions dull, with a decline of 1d@2d per cental. Indian Corn, Heglo 6d. Corn firm and holders demand an advance; Mixed, 29s 6d@29s.

In the House of Commons, on the 12th inst., in the presence of a crowded House, Mr. Gladstone, in an earnest speech, moved a second reading of the Government Reform bill. He replied to various objections raised by the opponents of the bill. He said if members had come for deeds, not words, and brought the House not only to be wise but wise in time.

Earl Grosvenor moved an amendment of which notice had previously been given, notice of the postponement of the question of reform, unless the entire scheme contemplated by the Government be submitted before Parliament. Lord Stanley seconded the amendment. Neither of them questioned the expediency of reform, but contended that the extension of the franchise should not be separated from the question of the redistribution of the seats. Speeches were made in favor of the bill by the Marquis of Hartington and others, and against it by Lowe, Bright and others, when the debate was adjourned.

There was no undue excitement either in or outside of the House, and no speculation what-ever as to what the division upon which noted members affected to anticipate.

On the 13th the debate was resumed. Among the speakers were Lord Elcho and Lord Cranborne, both of Conservative standing, which is thought to augur well for the success of the bill. Mr. Liddell against, and Seward, Nicll and Baxter in favor.

The debate was again adjourned in the House of Commons on the 14th inst. Mr. Cardwell in reply to an inquiry, said the question of protecting the interests of fisherman on the North American coasts and the ratification of the Reciprocity Treaty were under consideration. By law the officer of the Crown, Mr. Maguire, gave notice that he would ask on early day to call attention to the serious inconvenience in Ireland from the too strinkent exercise of the powers given by the suspension of the habeas corpus act.

A terrible accident took place at the Chelton horse race. A stand gave way, burying three hundred persons in the ruins. Many were severely hurt, but none are reported killed.

The Paris correspondent of the London *Times* says: It is the object of the Head Centre, Stevens, in going to Paris now, to attract attention to his cause or person, it has proved a failure.

Official contradiction has been given at Berlin to the assertion that the Prussian Government would take reprisals on account of the expulsion of Count Waldersee from the Austrian territory.

It is reported that the French Ambassador at Berlin has been instructed to state that France considers a Federal Diet of the German Confederation not as a question of German home policy, but one which would admit the intervention of the dignitaries of the Vienna Congress.

The Paris correspondent says that whatever little hope there was that peace would be maintained seems to be rapidly vanishing.

Prussia.—The Queen of Prussia gave birth to a daughter on the 12th inst.

### Hospital Ship Cholera Reports.

NEW YORK, April 26.—The deputy health officer's report, this morning, says that there have been twenty-three new cases of cholera admitted to the hospital ship and two deaths since the last report.

The total number taken from D. Setzbarne, health officer, to the Board of Health, stated that matters are improving. The number of cases remaining is fifty-one. The number of deaths since last report is two. The hospital ships was occasioned by the sudden change of temperature.

## CONGRESSIONAL PROCEEDINGS.

WASHINGTON, April 26, 1866.

### SENATE.

Mr. Sumner presented a petition for the expulsion of Garret Davis, Senator from Kentucky, for having said that should the Civil Rights bill become a law he would feel himself compelled to regard himself as an enemy of the Government.

Mr. Davis said the language attributed to him was correct, but that it ought to have been with the context, otherwise it was a garbled statement.

The petition was referred to the Judiciary Committee.

The bill to regulate commercial, military and postal communications between the States was taken up at one o'clock.

Mr. Morrill spoke at length against the bill. The amendments were agreed to, and the bill, as amended, was passed.

Messrs. McDougall, Johnson and Doolittle favored it.

Mr. Clark introduced a bill to provide for the payment to loyal citizens for Quartermaster and subsistance stores furnished the army.—Referred to Committee on the Judiciary.

Mr. Sherman introduced a joint resolution which was passed, appropriating $250,000 to pay the expenses of collecting the revenue from customs.

A message from the House announced the passage of the bill to encourage telegraphic communication with Cuba, with amendments. The bill was laid aside.

After executive session the Senate adjourned.

### HOUSE.

The Senate Bill to refund certain duties paid on produce started for a port of the United States prior to the expiration of the Reciprocity treaty, but detained by ice, was passed; also a Senate bill to facilitate the appropriation of the Treasurer's account.

Mr. Eliot, from the Committee on Commerce, reported back with amendments, the Senate bill to encourage telegraphic communication between the United States and the island of Cuba and the other West India Islands and the Bahamas. The first amendment was to strike out of the section the words "in time of war." So that it will read "at all times." The second amendment was to insert after the words "Consular agents," the words "and the said company shall keep all its lines open to the public for the transmission of daily publications of market and commercial intelligence, and all necessary dispatches and communications shall be forwarded in the order in which they shall be received, and the said company shall not be permitted to charge or collect for messages transmitted through any of its submarine cables, more than at the rate of $3.50 for a message of ten words."

Mr. Schenck, from the Committee on Military Affairs, reported a substitute for the bill for the relief of paymasters of the army. The substitute directs the accounting officer to pass to the credit of paymasters additional paymasters all sum of money paid by them to officers, soldiers or employees connected with the military service of the United States; provided such payments shall be shown to have been actually made in good faith, without fraudulent practice or intent, and where the erroneous payment was not the result of gross negligence or carelessness. Debate on the bill was agreed to, and the bill, as amended, was passed.

On motion of Mr. Schenck, the Committee on Military Affairs was discharged from the further consideration of the senate bill authorizing the Secretary of War to settle the claims of the State of Kansas for services of the militia called out on the requisition of Maj. Gen. Curtis, and it was referred to the Committee on War Debts.

Mr. Ingersoll, from the Committee for the District of Columbia, reported a bill placing $5,000 at the service of the Commissioner of Public Buildings, for the purpose of cleaning and purifying Rock creek in view of the danger from cholera, and other expediencies, and asked to have it put upon its passage.

Mr. Stevens objected to the bill being referred to the bill, but suggested its reference to the Committee of the Whole on the state of the Union. He would make no objections to have it taken up and considered.

Mr. Harding suggested an amendment looking to making the halls of the House healthy which was finally adopted—said high period since he came here for a part of the time a hundred soldiers on their way through this city to and from the field of strife.

### Death from Accident—Coroner's Inquest.

On Monday last we noticed an accident to a child of Mr. Robert Wray, residing on Wylie street, near Tuthel—the child having been run over by a car on the Minersville Passenger Railway. At first it was thought the child's injuries would not result fatally, but on Thursday morning at nine o'clock the child died from gangrene. Coroner Lawson was called upon to hold an inquest, when the following facts were elicited: The child, Ida Blanche, aged twenty months, had left the presence of its mother, who was in the house two doors below the accident, on Saturday last, and had attempted to cross over the street, as is supposed, after an older sister. A car was coming down the steep grade at the time, the driver having the brakes on, and moving slowly towards a switch which was in rather bad condition a few rods below. The child had evidently been startled by the near approach of the car, and had stopped on the track. It was seen by Mr. George Glass, baker, when within two or three feet of the rail, and walking towards the track. The car was then within ten or twelve feet of the child. Mr. Glass cried out loudly, but the driver did not appear to see the child, or understand what was wrong. His attention appeared to be fixed upon something further ahead. The car came on, and the child was struck by the step, knocked down on its face, and run over—one wheel passing over its thigh. The car was stopped before the other wheels reached the body, and Mr. Glass seized the child and carried it into his store. Dr. George L. McCook was called and examined the child, but was surprised to find that the bone had not been fractured. On the following day he called to see it, but was informed that a homeopathic physician had been engaged, and he did not see it afterwards. He continued to visit it, and found that death had resulted from mortification, or gangrene. There were several other witnesses examined as to the manner of the accident, but Mr. Glass was the only one who saw the child before it was hurt. The driver of the car was not examined, but all the witnesses examined expressed the opinion that he was free to blame. The jury found a verdict of accidental death. The deceased was a sprightly and interesting child, and its melancholy death falls with crushing weight upon the parents.

### Another Bond Robbery—Troops Homeward Bound—Meeting of Rent Payers.

NEW YORK, April 26.—Another bond robbery was committed in this city yesterday to the amount of $19,000. Payment of the bonds has been stopped. A reward of $1,000 is offered for the return of the property.

The 116th New York volunteers is en route home by way of Savannah, and is expected at Hart's Island on the 28th instant, to be paid off and discharged.

Another meeting of rent payers was held last night in Houston street, and an association formed to resist extortion by landlords and house agents.

### From Havana.

NEW YORK, April 26.—The *Herald's* Havana letter says the Spanish men-of-war which lately arrived at Havana had again put to sea. Their destination was unknown. General Dulce had received peremptory orders to have the affiance who had been seized by private individuals as slaves, delivered up and removed to Fernando Po.

### River and Weather at Louisville.

LOUISVILLE, April 26.—Evening.—River rising rapidly with 11 feet 6 inches water in the canal. The weather is clear and pleasant.

### Stocks.

## CITY AND SUBURBAN.

### The Christian Commission.

We are indebted to Mr. W. P. Weyman for a copy of the fourth and last annual report of the operations of that noble and philanthropic institution, the United States Christian Commission. The following is the report of the Pittsburgh Army Committee, as submitted by the Chairman, Rev. Herrick Johnson:

In making our final report, as a branch of the United States Christian Commission, we desire, first of all, to give thanks to God for the increasing favor he has given our cause in the hearts of the people included in the field under our immediate supervision. Their interest in the beneficent work of the Commission has not flagged, but, on the contrary, has deepened and widened to a degree unparalleledin the history of any organization that has ever appealed to the sympathies and activities and purses of this community. The record of the last year of our work is, by far, the proudest record in our history. No words can so eloquently bear testimony to this fact, as the figures in the following table of receipts, work and distribution for 1865.

| | |
|---|---|
| No. of Delegates commissioned | 40 |
| " of Boxes of Hospital Stores donated by and distributed | 12,031 |
| Cash Donations | 42,896.81 |
| Value of hospital Stores donated | $23,791.10 |
| Total value | $66,687.91 |

These forty-three thousand dollars in cash and comforts show that the appeals, in behalf of our sick and wounded braves, met with a heartier response, and a nobler generosity, than ever before, during the fourth year of the war, than the first. They show that the last days of the Christian Commission were its best days; best in the confidence of the loyal North, best in the sympathies and affections of the people's hearts; best in the available resources for prosecuting the Commission's glorious military and evangelical work. They show the unswerving constancy and the intense loyalty of the people of Western Pennsylvania and Eastern Ohio and Western Virginia, to the cause of their country and of God, that were imperilled by the rebellion.

In this connection, I deem it proper, as Chairman of the Pittsburgh Committee, to place on permanent record the great debt of obligation which the Committee, and the Commission at large, owe to the labors of Joseph Albree and W. P. Weyman. It is mainly through their indefatigable and untiring activity, through their self-sacrificing and assiduous devotion, that the Army Committee of Western Pennsylvania has been able to make so noble a record. They, in connection with others, formed the Pittsburgh Subsistence Committee, and mainly composed of ladies, have not only achieved glorious results for the soldiers, in field and hospital, but have, meanwhile, fed more than one hundred thousand soldiers on their way through this city to and from the field of strife.

### Fall of a Building—Narrow Escape from Death.

On Thursday forenoon, as a number of workmen were engaged in remodling a three story brick building, No. 10 Wylie street, near Fifth, the front wall gave way, and the front rooms in each story fell with a crash into the cellar. Mr. Corcoran, the proprietor of the building, happened to be present at the time, and seeing the plastering begin to crack he sounded an alarm and the workmen were thus enabled to escape before the wall fell. There was a man in the cellar at the time, with a horse and cart, and he too escaped just in time to save his limbs and his horse. There were five or six carpenters in the upper rooms, and the consequences might have been serious had it not been for the vigilance of Mr. Corcoran.

### Before Alderman Butler.

Before Alderman Butler yesterday on a charge of keeping a disorderly house, preferred against William McAdams, on oath of John Owens, resulted in holding the defendant to bail to answer. The parties reside in the Seventh ward, in adjoining houses, and the prosecutor alleged that the neighbors were much annoyed, owing to the disorderly characters congregating at that house.

Information was made by Charles Magee against Thomas Jordan, for assault. The defendant is charged with acting in a very disorderly manner and drawing a loaded revolver on the prosecutor. The case was postponed till to-day, owing to the defendant's sickness.

### GENUINE RECONSTRUCTION.

That war is barbarism was demonstrated in various ways during the rebellion; in few more conspicuously than in the destruction of railroads. The armies of both sections aided in the work of demolition; and so effectually was it prosecuted that when the contest ceased nearly all the main lines of Southern railroad communication were either destroyed or greatly impaired.

Upon the cessation of hostilities the labor of renewing these roads was promptly commenced. In some instances the National Government contributed to this end, by the detailing of whole regiments to this particular service. A large amount of private Northern capital has been furnished; and many lines have been put in fair running order. New railroad schemes have been brought forward. The *Railway Times* notices these. One is for building a road from Cincinnati, Ohio, to Knoxville, Tenn. The Chamber of Commerce of the former city agreed to furnish $1,000,000, conditioned that Tennessee would find the remainder. The road is to be finished in two years. Another road is projected from Kentucky, through Memphis, into communication with the Gulf roads, and another between Montgomery and Nashville. The road from St. Joseph, Mo., to Galveston, six hundred miles long, is likely to be begun before long. Another railway is building between Little Rock and Memphis, in which General Sherman wishes to employ the force of negro regiments of Arkansas. A road has been begun between Alexandria and Fredericksburg, Va., fifty miles long, running near to Mt. Vernon. The Baltimore and Ohio Company propose building from Lynchburg to Danville, Va. Another road will soon be built from Harper's Ferry to Salem, where it joins the Virginia and Tennessee roads. The Manassas Road Company is beginning to rebuild its bridges, and the Leesburg Road is getting ready to run. A new road will soon be finished from Washington to Point Lookout. The North Carolina Roads are being renewed, and trains will soon run from Richmond to Memphis. Charleston is to be connected with the Ohio river by the South Carolina Road, and the Atlantic and Gulf road is being pushed by shipments received at Savannah. The road from Savannah to Augusta via Millens, is done now, but that from Savannah to Macon awaits swhile. The Mississippi Central progresses. The Edgefield and Kentucky, the Virginia and Tennessee, Mississippi Central and Memphis and Charleston, had $1,074,000 appropriated to them at the last session of the Tennessee Legislature. The Iron Mountain Road of Missouri is being repaired, and the Vicksburg and Shreveport will soon be running again. The Memphis and Ohio Road is now running over the Natchez river to Brownsville, in the first time for some years. The New Orleans, Jackson and Great Northern and the Mobile roads are both being pushed forward to completion.

Another matter of gratification is the fact that not one of the Southern States has shown any disposition to repudiate its old debts. Most of them have commenced devising means for paying off their old debts, or at least of liquidating the interest that accrued during the war. Georgia has authorized the issue of new bonds in cancellation of back interest. Florida has gone so far as to insert in her new Constitution a provision that all the individual indebtedness of her citizens prior to the rebellion shall be held as valid claims; that is, the statute of limitations shall not wipe them out.

Many Northern men have, since the cessation of hostilities, established themselves in business in various parts of the South. In many instances, and in particular localities, disappointments have resulted. But in other cases admirable success has been achieved. In Missouri and Arkansas the infusion of northern population is doing much to obliterate the ravages of the war. In portions of other States northern settlers are welcomed, and having a fair chance to aid in developing the latent resources.

These are all healthy indications, pointing to a reconstruction of the Union on the basis of mutual helpfulness between the section, and of reciprocal advantages. A reorganization which comes in this manner must be durable and beneficial. Let it progress—the more rapidly the better.

MR. COWAN is reported to have admitted, in conversation at Washington, that his purpose was so to debauch the Republican party in Pennsylvania as to secure the defeat of General GEARY. It did not need his admission to convince observant men that such was his purpose.

In the distribution of Federal patronage in this State, Mr. COWAN is further reported to be associated with Mr. BUCKALEW. It does not require special telegrams from the National Capital to convince people they are acting in concert. Ever since Mr BUCKALEW took his place in the Senate he and Mr. COWAN have voted together on the same side on almost every division. If Mr. BUCKALEW is a Copperhead, we cannot see how Senator COWAN can escape the same imputation.

And here we may as well say, that a few days ago, conversing with a personal friend, who is as coppery as any man we know, he boasted his ability to defeat a certain republican, then applying for an important position. He did defeat him, and in a way to make it clearly manifest to us that copperheads have much more to say in the matter of federal appointments than republicans.

A private letter from an intelligent Union man in Westmoreland county to the editor of the Chambersburg *Repository*, states that arrangements have been made by Mr. COWAN to remove Mr. J. M. THOMPSON, the Collector of that district, and give the place to WM. H. MARKLE; and Mr. SHYROCK, (editor of the *Herald*,) the Assessor, must either continue to do violence to his own convictions and the principles of the party or lose his position. In case Mr. SHYROCK should conclude to stand with the Union party, his position will be offered to the editor of the Indiana *Register*, if he will dispose of his principles at that rate. The same writer also gives Mr. COWAN's slate for the defeat of Union members of the legislature. He hopes to secure the election of democrats in Indiana and Westmoreland; Lycoming, Union and Syder; Armstrong; Juniata, Mifflin and Huntingdon; Adams, Perry and Franklin; Blair; Venango and Warren, and in three Philadelphia districts.

Nor is this all. Mr. COWAN is stated on excellent authority, to be now in daily correspondence and consultation with leading copperheads, and particularly with members of the copperhead State Committee, as to how the interests of the Democracy can best be served in different localities by the appointing power. This is what the President means by fighting inside the party.

THE President could not do a more unwise thing than to remove a competent and faithful officer of the Department of Internal Revenue, and fill the position with a man who is inexperienced and without especially high qualifications. This he has done in the removal of R. M. W. TAYLOR, Esq., Collector of Internal Revenue for the Second District of Ohio; (Western District of Cincinnati,) and the appointment of Gen. S. F. CARY; and the case has this aggravation, that Mr. TAYLOR is not a politician but a man of business, while Mr. CARY is not a business man, but a politician of the oratorical sort. The whole system of changing Federal officers without good and sufficient cause—such as dishonesty or incompetency in the incumbents—is wrong and injurious.—*Cincinnati Commercial.*

When the President commenced his system of removals in the Allegheny District, our contemporary said some things that were not true, and of which it ought to be heartily ashamed. We venture to think it is ashamed, by this time. At all events, it has ascertained the President is bent on turning out competent and deserving men, and putting in those who are not.

A TELEGRAM from Washington appeared in our columns yesterday to the effect that Mr. VON BONNHORST was removed from the office of Postmaster of this city because he had spoken with great disrespect of the President. It is quite possible such a statement may have reached the ears of Mr. JOHNSON. The men who made him believe the criticisms upon his policy which have appeared in these columns were written by Mr. WHITE, late Collector in the 22d district, are capable of any amount of lying. But the fact is Mr. VON BONNHORST has treated the President with the utmost deference and consideration. A democrat stated the truth yesterday when he said Mr. VON BONNHORST was removed *because he kept his mouth so tightly closed.* He has minded his official duties, and taken no part whatever in the controversy between the President and Congress.

A DAY OR TWO AGO we made the statement that the revenues of the Government were so much in excess of its necessities that $100,000,000 of taxes could be remitted without impairing the national credit. The synopsis of the new Revenue bill we published yesterday is intended to reduce the income of the Treasury about $50,000,000. The Committee, doubtless, thought it best to proceed cautiously in anticipation of possible revulsions in commercial affairs. This reduction, however, shows, in a striking light, the resources of the people. It has never before happened that a nation within a year after concluding a great war, has found it practicable to enter upon so large a diminution of the public burdens.

THE New York *Tribune* mentions a report that the President has instructed Mr. MOTLEY, our Minister at Vienna, to demand his passports and come home, in case Austria persists in allowing MAXIMILIAN to raise recruits for his armies in his dominions. This is fair and legitimate proceeding, which will be received with favor by all true American citizens.

### GENERAL NEWS.

A POOR white woman of Richmond, who was burned out at Rockett a day or two since, losing all her clothing and furniture, made application to Judge Crutchfield, who has charge of the city poor fund, but was refused aid because of her *having come from the North*, the city funds being used only to alleviate the distress of poor Southerners. The woman was furnished quarters and rations for herself and child by the Government at Camp Lee.

WHAT ONE SEES AT DAYBREAK IN MONTANA.—A recent issue of the Montana *Post* has the following: "On Monday morning the beams of the rising sun fell upon the stiffened corpse of Tommy Cocke, a thief, swinging in the morning breeze, with the fatal token of the vengeance of the Vigilantes around his neck, and bearing on a label the simple legend, 'Pickpocket.'"

CASES of hydrophobia among horses are not frequent, but one occurred on Saturday last near Cincinnati. A rabid dog snapped at the nose of a horse about five weeks ago inflicting a slight scratch. On Saturday the horse became violently affected, tore everything within reach, gnawed its own legs to the bone, and died in great agony.

BURGLARIES AT CARLISLE.—We learn that the house of Gen. Biddle, at Carlisle, was entered on Monday night by burglars, and silver plate to the value of five hundred dollars stolen, and that the residence of another gentleman, whose name we have not heard, was entered the same night and also robbed of valuable plate.

TRACES of Christianity have just come to light in the excavations being made at Pompeii. In the house of Paneo, in the street of Fortune, a sculptured cross, unfinished, has been discovered, covered with insulting inscriptions and caricatures ridiculing the notion of a crucified God.

A MAN OF MAGNITUDE.—The editor of the Nashville (Ten.) *Dispatch* asserts that that he knew personally a man, Miles Darden by name, whose height was seven feet two inches—two inches higher than Porter, the Kentucky giant. His weight was a fraction over a thousand pounds.

AN ARCTIC CLIMATE.—A letter from Helena, Montana, in the Walla Walla *Statesman*, says that from December 12th to 20th the mercury *froze* solid, and for the next month, by keeping a good fire in a tight room, the inhabitants were able to keep partially warm.

TWO skeletons were exhumed near Detroit, Michigan, recently, which proved to be those of Indians. The bodies had been buried with their feet to the east, and just above their heads there were tomahawks and deer horns, placed across each other.

A MORMON "RELICT" IN ILLINOIS.—The widow of Joseph Smith is still alive at Nauvoo, Ill., and is represented as stubbornly taciturn and a devout believer in the Mormon faith. She is now sixty-two years of age, and has been re-married.

AN ODD CATASTROPHE.—An East India paper reports that the other day a sad accident happened near Shooloy. As an elephant was rubbing itself against a wall, it fairly pushed it down, causing the death of two out of three men who were sleeping on the other side of it.

CHILDREN IN MASSACHUSETTS FACTORIES.—A bill is before the Massachusetts Legislature, which provides for the appointment of an inspector of manufactories, whose duty shall be to secure to all children employed as operatives the full extent of the State laws.

CAPT. FOOT, the bloody Mississippi guerrilla, who operated in the neighborhood of Grenada, during the war, and killed Thos. Keen at Beverly Springs last summer, has been captured and sent to Vicksburg. He will be tried by a military commission.

JOHN W. CRAFTS, while cutting up pork at his establishment in South Boston, a few days since, accidently stumbled against a knife, cutting the main artery in his arm, and causing him to bleed to death in a few minutes.

THE Natchez *Courier* says that place is rapidly improving. Most of the Southern cities have "picked up" wonderfully within the last six or eight months.

A SUIT LOST.—The heirs of the Revolutionary General Kosciusko have lost a suit for six hundred acres of land situated near White Sulphur Springs, Ohio.

THE Fifteenth Regulars are the only troops now left about Mobile, two companies of the Twenty-first Missouri having recently taken their departure.

### POLITICAL.

PRESIDENT JOHNSON had a long interview on Friday evening with the editor of the *Colored Tennessean*—a newspaper conducted in the interests of the freedmen of Nashville—in which he professed the most earnest friendship for the liberated race, going so far as to subscribe twenty-five dollars in aid of the mission of his visitor, and giving him letters to the Johnson men in different Northern cities. The Copperheads are getting very much out of temper with the President. They say that he is on both sides—professing to be opposed to the radicals, and yet appointing Republicans to office. Meanwhile it is a little curious that while he gives such confidential assurances to the colored men, he is busily engaged in persecuting the men who are really their "best friends."

THE civil rights law is duly going into effect in the South, notwithstanding the advice to nullify it, so freely given to President Johnson. Messrs. R. H. Shannon, Charles Claiborne, and R. G. Ker, commissioners under this law, took the oath of office on Monday, April 16, before the Judge of the United States Court, in New Orleans. No doubt the commissioners for the other States will also be promptly appointed by the respective Judges.

SHOPPING IN THE SOUTH.—The Columbus (Miss.) *Index* complains that recently in that State "several freedwomen, dressed in the latest fashion, drew up in their carriages before some of our principle stores, and called the clerks to bring out certain goods for their inspection."

ONE of the papers praises Mr. Stephens, of Georgia, for his "eclectic statesmanship." On reading this, Smith asked Jones, "What is an eclectic?" Jones replied, "An eclectic is a person who practices every system and understands none."

IT is said that in Manchester, England, and its suburbs, there are now over 50,000 children who receive no instruction whatever.

A NEW YORK letter says: "For the satisfaction of those who wish special information concerning young Ketchum, we state that he is serving as a book-keeper in the shoe shop at Sing Sing State prison; that his behavior has won the good will of all around him; that he breakfasts in his cell, but is allowed to eat dinner and supper in the work room with the foreman and outside helpers, who bring their dinners with them, at which meals he has the best of fare; that his parents and wife come often to see him; that he receives and answers many letters; and that the prospect is that he will come out better fitted in business than ever, and then have his revenge on Wall street. He is not confined to the rule of silence generally maintained in the prison, but is allowed every possible privilege, being looked on as the victim of circumstances, rather than as a studied malefactor.

SIX Boston merchants have contributed $5,000 each toward the new hall of Harvard College, to be erected in memory of the graduates who fell in the late war.

## SPECIAL NOTICES.

**IS BROKEN TO HARNESS**

SLANGY!—A gentleman of rare literary ability says in answer: "Nobody ever did talk as Addison wrote. The words of speech are of all forms and colors; the words of the pen are conventionally supposed to be, properly, only of certain approved forms and colors. But why should't people write as they talk if they can't, certainly a novel, which is for the most part dialogue, should be as near speech as possible, and should be as full of the fresh, instant expressions of the time as common talk would be. We now-a-days use condensed words; we describe things by a rapid etching, not by elaborate detail; we can't wait to be elegant—to curl and perfume the hair and adjust the buckles of a hundred years ago; but accoutred as we are, we dash on in the express train with more individual ease and purpose, and quite as much safety as our grandfathers, by the slow, ponderous methods of their day.

Now in this book men and women talk and act as men and women really do, and there is no more 'slang' in their speech, or 'fashion' in their acts, than there is in this living world. No, not nearly so much; for no book can perfectly photograph society. We think it a spirited delineation of life and manners,—not, perhaps, as Mrs. Hannah More serenely and divinely saw, but as a living journalist sees with open eyes in modern London."

## POLITICAL.

☞**UNION REPUBLICAN COUNTY CONVENTION.**—The Union Republicans voters of Allegheny County, are requested to meet at the usual places for holding elections, in the several Wards, Boroughs and Townships, on SATURDAY, MAY 12TH, and elect Two delegates from each election district, to a County Convention, to be held on TUESDAY, MAY 29TH, at 10 o'clock A. M., for the purpose of nominating a County Ticket, and transacting such other business as may be properly brought before it.

The Republican voters of that portion of Allegheny county lying in the 23d Congressional District, will, at the same time and places, elect two delegates from each election district, to meet in Convention, at City Hall, Allegheny, on TUESDAY, MAY 29TH, at 10 o'clock A. M., for the purpose of nominating a candidate for Congress in said district.

The primary elections in the townships will be held between the hours of four and six o'clock, and in the cities and boroughs between the hours of four and seven o'clock P. M. In the cities and boroughs the elections shall be by ballot, and in the townships by marking or by ballot.

### VARIOUS ITEMS.

They have been finding gold in the White Mountains of New Hampshire and the Green Mountains of Vermont. In Lisbon, N H., they are said to have rocky peaks which yields to each tun of vein-stone $28 in plumbago and $20 in silver; while a vein of white quartz in that town has yielded (a little of it) $867 per tun in gold and $159 in silver. One batch of samples yielded $1,500 per tun. There are similar reports from various parts of Canada and Nova Scotia. If we have cholera in the cities this Summer, some of us may turn to gold digging.

A number of Chicago capitalists, backed by several of the great Western Railways, have purchased lands at Bergen Flats, and are to erect thereon, before the 15th of July next, extensive abattoirs on the Parisian plan. They will unload live animals directly from the cars into their slaughter-houses, and prepare them on the spot for sale to dealers in meat in New York, Brooklyn, Jersey City, Hoboken and Newark. This scheme effectually disposes of the proposed abattoirs on the East River flats between Yorkville and Harlem.

A White man in St. Louis became enraged at a negro, the other day, and was about to strike him with a brick-bat, when the colored man fell back on reserved rights: "Look here, white man, don't strike me wid dat ar rock—don't you do it, sar. I'd have you know dat wen you strikes me you strikes a Bureau!"

A New York poet has found a new rhyme for "bosom." Her old bards were mainly limited to "blossom," which wasn't quite the thing either. But the Gothamite sings of Attila, and tells us how slumber *subdues him* on somebody's *bosom*, which is tolerable rhyme and not a bad situation. —*Boston Post.*

"Mother, I shouldn't be surprised if our Susan gets choked some day." "Why Mina?" "Because her beau twisted his arms round her neck the other night, and if she had not kissed him to let her go, he would have strangled her."

Ratio of Deaths.—A recently published report of deaths in San Francisco, according to the *Bulletin* of that city, exhibits a smaller ratio of mortality than can be shown by any other city in the United States.

Poverty in Maine.—The Bangor (Me.) *Whig* says: Not less than four hundred widows in that city are applicants for aid from the Bangor Fuel Society. Bangor has a population of about sixteen thousand.

"Thank God, that I have got my hat back from that congregation!" said a disappointed clergyman, turning it upside down, when it was returned empty to him at the close of a contribution.

A lady in Oregon, in writing to a friend in New York, says that cattle in that region live to such a great age, their owners have to fasten long poles to their horns for the wrinkles to run out on.

A man in Chicago got very drunk on Saturday last, and hung himself to the outside of the saloon where he had been drinking, thus making himself at once a sign and a warning.

"There now," said a little girl, while rummaging a drawer in a bureau, "there now, grandpa has gone to heaven without his spectacles."

"I have the best wife in the world!" said a long-suffering husband; "she always strikes me with the soft end of the broom."

## SPECIAL NOTICES.

**AYER'S PILLS**—Are you Sick, feeble and complaining? Are you out of order with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be warded off at once by use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which, if allowed to remain, make sickness somewhere in the body, and derangement in all functions. These, if not relieved, react upon themselves and the surrounding organs, and produce general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the purgative effect upon the same. Cased by similar obstructions and derangement of the natural functions of the body, they are rapidly and surely cured by the same means. None who know the virtues of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large doses.

They are Sugar Coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

**AYER'S AGUE CURE,**

For the speedy cure of *Intermittent Fever, or Fever and Ague, Remittent Fever Chill Fever, Dumb Ague, Periodical Headache, Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in a disordered stomach, caused by the Malaria of miasmatic countries.*

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Fever and Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce nervousness or injurious effect whatever. Shaking brothers of the army and the west, try it, and you will endorse these assertions.

THE DRESSING AND RESTORATIVE OF THE AGE.

TURKISH RANDOLENIAN.

Retrouvey's Turkish Randolenian. What can be more acceptable than anything that will beautify? from falling out, restoring its natural color, making it up according to the present style and fashion and keep it in place. *Retrouvey's Turkish Randolenian Hair Tonic* will do, and is far superior to any person who has tried it. It is acknowledged to be the beautifier of the age, the only Hair Tonic and Restorer worthy of the name in Turkey, in France, in England, in America—everywhere where the "Randolenian" is known. It is pronounced the *ne plus ultra* of Hair Preparations. Remember, it is free from all metallic poisons that are contained in most Hair Colors and Dressings. It is the extract of many flowers and herbs carefully put up, an ornament to the toilet.

## FOR SALE—FOR RENT.

**FOR SALE.**

A SMALL FARM of 9 acres, situate in Baldwin township, Allegheny county, Pa., 9 miles from the city, on the Brownsville road. The improvements are a large two-story Frame House, with 10 rooms, double parlors, wide hall running through the house; water just at the door; a Bank Barn, 50 by 30 feet, containing one-half acre, planted with all kinds of dwarf fruit and vines; a full variety every kind; about 700 of the whole farm is good. The very best of fencing; and trees. For a country residence, it is not surpassed, and for a profitable investment, there is no question.

Also, the best Farm in Elizabeth township, containing about 90 acres, lying on the Monongahela river, immediately below Lock No. 3, on which is erected a large two-story Brick Dwelling House, one log and one Frame Bank Barn, corn-crib, wagon shed, brick spring house. About 30 acres of the above is first quality river bottom: the balance rolling limestone land, and underlaid with coal, and about 20 acres of limestone. There are two orchards of apple trees, in good bearing vines, &c. The land is well adapted for gardening purposes, being a short distance from the thriving borough of Elizabeth, and creating a market at home for all the products. This property will be sold cheap and on good terms.

Also, a Farm of about 117 acres, situate in Fallowfield township, Washington county, Pa., about 12 miles from the town of Beatleysville. The improvements are, first, a two-story frame house with five rooms; second, a two-and-a-half story new dwelling house; third, a No. 1 new barn, 60 by 40 feet; a good spring house, three large orchards of different fruit, apple, peach, pear, plum, quince, cherry, &c., 30 acres level and of the very best quality, and will be sold at a reduced price.

Also, a Farm of about 120 acres, in Fairfield township, Westmoreland county, Pa. The improvements are a hewed log house, with kitchen attached, a log barn and a tenant house; a good apple orchard of peaches and other fruit trees; the land is of the very best quality, and will be sold at a reduced price.

Also, a Farm of about 130 acres, in Fairfield township, Westmoreland county, Pa. The improvements are a hewed log house, with kitchen attached, a log barn and a tenant house; a good apple orchard of peaches and other fruit trees; the land is of the very best quality, and will be sold at a reduced price.

Also, a Farm of about 120

## FINANCE AND TRADE.

THURSDAY, April 26, 1866.

Gold has still further advanced to-day, being quoted in New York at 128. Governments firm and higher. New York quotations to-day were as follows: 1881's, 108½@109; 5-20's, 106; 10-40's, 96½; and 7-30's, 103¾@103½.

The great abundance of money and the facilities for obtaining it upon anthing like fair securities, added to the apparent acquiescence in the belief that the currency cannot be materially contracted under the new loan bill, is producing the natural result to again inflate prices, and we may therefore expect that such articles as can be conveniently managed by speculators will again advance in price. The stock boards both in Philadelphia and New York, for the last week or two, have been much excited, and present, daily, unmistakable evidence of the plethoric condition of the money market.

The following banks of Pennsylvania, from a recent statement of the Comptroller of Currency, would be reduced in circulation by the proposed Senate amendment as follows:

Pittsburgh National Bank of Commerce, $50,000; Iron City Bank of Pittsburgh, $40,000; Farmers Bank of Reading, $40,000; Allegheny Bank Pittsburgh, $50,000; Exchange Bank, Pittsburgh $100,000; Citizens' Bank, Pittsburgh, $50,000; Third National Bank, Pittsburgh, $50,000; Mechanics Bank, Pittsburgh, $50,000; People's Bank, Pittsburgh, $100,000; First National Bank Pittsburgh, $50,000; First National Bank, Pittsburgh, $50,000; First Allegheny Bank, Pittsburgh, $50,000; First National Bank, Philadelphia, $150,000; Farmers and Mechanics National Bank, do, $300,000; Penn National Bank, do, $25,000; Northern Liberties' National Bank, do, $50,000; Corn Exchange National Bank, do, $50,000; City National Bank, do, $40,000; Commercial National Bank, do, $1,000; Girard National Bank, do, $100,000; North American National Bank, do, $100,000; Mechanics' National Bank, do, $50,000; Merchants and Manufacturers' National Bank, do, $50,000; Columbian National Bank, do, $50,000, Western National Bank, do, $40,000; Central National Bank, do, $75,000; Tradesmen's National Bank, do, $40,000; Manufacturers Bank, Pottsville, $50,000; First National Bank, Easton, $40,000; Manch Chunk Bank, $40,000; Farmers Bank, Lancaster County, $45,000; Easton Bank, $40,000.

—The New York *Tribune* of Wednesday, says:

Money on call is growing in abundance at still lower rates. Large amounts are offered at 4 per cent, and as low as 3 per cent would be accepted without a murmur. The hesitation of the Treasury Department in proposing a funding scheme, the fear of the cholera, which checks the desire to make long engagements, and the fact that the West will not require its usual large demand upon the Atlantic cities for currency to move the crops, unite in producing an accumulation of money on call such as has rarely if ever been known in this city. The Government shows no disposition to retire the hundreds of millions of currency produced by it under the stimulus of 4-bellion, and it is steadily finding its way to the commercial centers, where it will not long remain idle. The purchasing power of paper money is greater than at any time since the Rebellion was in full progress, and it is consequently more dangerous. A paper dollar and a gold dollar now stand at 100 and 196 instead of 100 and 280, and unless the amount of currency be reduced, the year 1866 will witness as rampant a speculations with specie tend ng toward par as when the Government issued its millions of credits per day, and gold promised to touch the premium reached in the "Confederacy." The activity of war, which fully employed every dollar of currency the Treasury could command, has been succeeded by the pose of peace, reduced prices of commodities, and a consequent diminished employment for currency. The money market presents the anomaly of a more than excessive amount of money use on short engagements, at nominal interest, with a general indisposition to engage in new commercial enterprises, or to buy long paper representing the business of existing houses. This condition of affairs has been produced by the bold theories of the Secretary of Treasury, and his neglect to reduce them to practice. People will soon tire of waiting for the Treasury or the cholera, and enter into new short speculations such as an abundance of idle money invites. The symptoms of the movement are apparent, as the stock list shows, in the prices paid for anything in the form of a corporate obligation.

—The revenues of the Government, impost and excise, for the current fiscal year, will average about $1,500,000 per day, *or five hundred and ninety-four millions for the year.* It is apparent, and reasonable whether this scale will be materially reduced for the succeeding fiscal year. It is practicable to create and realize sufficient for the reduction of interest, a consolidated five per cent gold-bearing stock, which in five, or at most seven years, could be made to absorb the entire two thousand millions of the present funded and floating per cent funclable securities of the United States, except the $283,780,000 of 6 per cents of 1881; and even those by purchase, or on the allowance of a moderate difference in exchange to the holders.

—The Chicago *Tribune*, of Wednesday, says:

The failure of Mr. A. O. Tieknor, grain and gold speculator, was announced on 'Change to-day. His losses are said to foot up to only about $7,000, and his creditors generally have every confidence that he is abundently able to pay them. One or two claims have been settled at about 33 per cent, but very claimants are willing to accept less than one hundred cents on the dollar. Mr. Tieknor has for a year past been very fortunate in his grain and gold operations, and his failure took almost every one by surprise. The recent advance in wheat—which he had sold "short"—is the immediate cause of his failure. The affair caused no excitement.

### Finance and Trade in New York.

GOLD AND STOCKS.

NEW YORK, April 26.—Gold closed at 128. Exchange higher at 109½. Money easy at 4@6 per cent. The speculative movement in breadstuffs continues. Cotton was another sharp rise to-day. The returns of the leading railways for the third week in April, so far as they have come to hand, show an increased traffic, and this is likely to continue in the future.

The demand for government stocks is fair, and the market is very firm in the face of the decline on the other side. The stock market at the second regular board was lower for the most part under heavy realizations. Reading, Illinois Central and Rock Island were strong and higher. New York Central, 92½; Erie, 70; Reading, 104½; Michigan and Northern Indiana, 90; Illinois Central, 120½.

Stocks dull. United States 6's, 5-20 coupons, 1862's, do. do. '64, 105¾; do. do. '65, 105¾; United States 7-30's, 1st series, 103½; do. 2d series, do. 3d series, 103½; Tennessee 6's, 91; Missouri 6's, 74¾; Ohio and Mississippi certificates, 28¾; New York Central, 92¾; Erie, 73; Reading, 104½; Michigan Southern, 83½; Illinois Central, 119; Pittsburgh, 82¾; North Western, 29¾; preferred, 68¾; Toledo, 104¾; Rock Island, 122¾; Fort Wayne, 98¾; Terre Haute, 36; do preferred, 56½; St. Paul preferred, 53; Marietta and Cincinnati preferred, 40.

Prices coming stocks bidgin Boston to-day: Copper Falls, 41½; Franklin, 69½; Hancock, 106; Water Power, 36; Isle Royal, 10; Minnesota, 16; Quincy, 86; Bay State 10½.

The market for Petroleum and Mining Shares was quiet and firm this afternoon, with a rise on Quartz Hill. Bannehoft, 11.50; Shade River, 56. Mining Stocks—Consolidated Grey, 18.00; Holman Gold, 38; Quartz Hill, 4.50; smith and Parmalee, 8.75.

### DRY GOODS

The market to-day is very unsettled, in consequence of the foreign news showing a decline at Liverpool, and the depressed state of the cotton market: Prints—Allen's, 17; American, 18; Amoskeag, 16; Arnold's, 15½; Cocheco, 20; Dunnell's, 18; Empire, 17; Freeman, 15; Garner's, 19; Hamilton, 18; London Mourning, 15½; Lancaster, 18; Merrimac D, 19; Merrimac W, 20; Pacific 19; Richmond S, 18; Sprague's Frocks, 20; Farey, 19; Victory, 16; Wamesutta, 18¾. Sheetings and shirtings Bleached — Amoskeag, 37½; Amoskeag, 65, 37½; Androscoggin, 36; Bailey A, 30c, 27; Barnetts, 31; Bates 7, 40; Bay Mills, 29; Canoe, 15; Columbia, A, 25; Forrestdale, 23½; Hope, 20; James, 21; Lonsdale, 36; Masonville, 32; New York, 27½. spool Cotton—Stafford Bros., 24; Clark's, 30; Brooks, 100; Green & Davies, 75; Orr & McNaughten, 100. Worsted Braids—Common Colors, 90.

### Cincinnati Market.

CINCINNATI, April 26.—Flour in active speculative demand, and prices are 25c higher; superfine, $7 75@8 25; Extra, $8 75@9 25; Family, $10 25@11. Wheat is 5@8 higher, but buyers and sellers were so widely apart as to nearly restrict business. Corn is good demand and light supply, and prices tending upward. Mixed, 67@68c in Elevators, and 69c in sacks. Oats scarce and firmer; No. 2 at 49c; No. 1 at 45½c in Elevators. Rye is higher. There is no change in Barley. Whisky dull, at $2 32, duty paid. Provisions are in good demand, part speculative, and prices are generally higher. Mess Pork advanced to $28 50@29 00 seller at the rates at the close. Bulk Meats advanced to 12½@13c and 13½@14c for Shoulders, sides, and clear; Sales seeking higher prices at the close. Bacon is 1@2c higher, and the demand is light. Lard is 1@2c higher, with the demand light. Lard sold at 19c, but none was to be had below 19½c at the close. Groceries unchanged; Sugar, Rio to Coffee, 20c; Butter, choice, 40c; fresh, 34@36c; Cheese, 17½c; Eggs, 26c. Potatoes, $3 00; sales at $2 75@3 00 by the car load. Gold, 127½.

## PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, April 26, 1866.

The chief item of interest in the produce markets to-day, was the renewed excitement in Flour and Grain, both of which have still further advanced, in consequence of the advices both from the East, West and Europe. The stocks here are very light, and quite a number of dealers find it almost impossible to supply the wants of their customers, even at the advance. Provisions, also, are firmer, though there is no material improvement in the demand.

ASHES—Pearls are scarce and firm, and there is a continued fair demand; Sales at 12c, Soda Ash is quiet and unchanged at 5½@6c for common, and 6½@7 for Refined.

GRAIN—Wheat is firm and held at an advance—no sales reported. Oats scarce and higher; sales of prime Penna. and Ohio at 60, on track, and 65 from store. Corn is firm and looking up; sale of 2 cars shelled, to arrive, at 75. Barley is in demand and in light supply. Rye is selling at 75.

FLOUR—Was again somewhat excited today, and another advance has been established. We now quote at 9½@9¾ for Spring Wheat $10½@10¾ for half spring and half Winter; and $11@11¼ for Winter Wheat. Sale of 100 bbls Winter Wheat, to arrive, at $11¼. Rye Flour is quiet—small sales at 6½@6¾.

PROVISIONS—Bacon is quiet but steady at 13 for Shoulders; 15½ for Ribbed Sides; and 20@21 for Sugar Cured Hams. Lard is held at an advance, and prime kettle may be quoted firm at 20. Dried Beef 24. Mess Pork firmer, but no improvement in the demand.

POTATOES—Market is a little steadier, but prices have undergone no quotable change. Sales of Peach Blows in a regular way from store at $1,10@1,15 per bush, and $3,15@3,25 per barrel.

BUTTER—Is in better demand and firmer, but unchanged. Good to prime Roll sells readily at 40 to 45.

EGGS—Dull with a supply considerably in excess of the demand. Sales repo ted at 18@20.

SORGHUM—Is dull and in pretty good supply; sales at 60@65.

CHEESE—Is dull but unchanged—Goshen, 24@25.

PIG LEAD—Sale of 500 pigs at 9½.

DRIED FRUIT—Apples firm with sales at 13 @15. Peaches in demand and scarce; quarters may be quoted at 17@18, and halves at 20@22.

HAY—Sale on wharf of 40 bales at $22@23.

SEEDS—Sales of Clover in a small way at 6¾. No Timothy in market. Flaxseed is wanted at $2¾.

## PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, WEDNESDAY, April 26, 1866.

CRUDE—The market was again moderately active to-day, the sales being, in the aggregate, up to the usual average, but prices are a little weak, and the tendency seems to be downward. Sales of 13 bbls., at 13; 600 do., at 13; 600 do., at 13, 150 at 13; 1,000, in bulk to arrive, at 13; 300 (44 gravity) at 12½, 1,300 at 13¼; 650 bbls, (40 gravity) at 13¾; and 400 bbls at 18, bbls included. The reported sales, in the aggregate, reached a little over four thousand barrels and prices ranged from 12½ to 13½ for light to heavy gravities—artinary oil, say from 40 to 43 gravity, is offered freely at 11. The demand for shipments continues light, but our refiners are still buying pretty freely.

REFINED—The demand for bonded oil was a little more active to-day than yesterday, at least the sales were considerably larger, yet there is no improvement to note in the tone of the market, and prices are barely sustained—buyers generally asking for still further concessions. Sale of 1000 bbls. for May delivery in Philadelphia, buyers option, at 39; 1300 for July, at 43, 600 for May, at 39; and 500 for June—last evening at 41. August delivery in Philadelphia is still quoted at 44, and September, at 45. There seems to be little or no demand for delivery here, and as we have had no sales reported for some time, we omit quotations. Free Oil continues dull and neglected and nominally unchanged.

ARRIVALS—The arrivals of oil by the Allegheny river since our last report, were as follows:

| | | | |

## CENTRAL LIVE-STOCK MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, April 26, 1866.

CATTLE—The receips of cattle were again comparatively large this week, and with very unfavorable reports both from Philadelphia and New York, the market ruled dull and depressed, and the advance established last week was lost. The number of buyers in attendance was not as large as last week, and the few that were here bought rather sparingly, and only at low figures, not seeming inclined to operate very largely, in consequence of the adverse reports from the east. Prime to extra fat cattle, suitable for retailing in the eastern markets, and which last week sold at 7¾@8 cents, did not bring over 7½@7¾ this week, the majority of buyers at the close did not seem disposed to offer more than 7@7¼ for the best grades. Commonish to fairish cattle, of which there was a good supply, sold at 5@6½, from which drafts ranged considerably even at these figures. Included in the sales, were two droves, sold to Haas & Crouse, for the Allegheny market next week.

SHEEP—The receipts of sheep were light this week, and with a good demand the market ruled firm, and an advance of from ½ to ¾ a cent per pound was established over the rates current last week. Sheered sheep sold readily at from 5 to 6 cents, gross, the latter figure only for prime fat mutton sheep. Wooled sheep, which there were but very few offering, may be quoted at 6¼ to 7 cts.

HOGS—Market has ruled less active this week, while the arrivals are reported larger than last week. Common to good averages may be quoted at 8¼ to 9¼, while extra heavy, would bring 10 cts. As will be seen by reference to Johnstown Ac'm. Voter & Co. bought one bunch at 10 cts, but they were picked hogs, and averaged two hundred and sixty pounds.

## RIVER NEWS.

ARRIVALS.

Julia.....Coulson.....Zanesville
Leni Leoti....Hamilton....Parkersburg.
Peerless.....Russell.....Oil City

DEPARTURES.

Delaware.....Harton.....St. Paul
Bayard.....Moore.....Parkersburg.

BOATS LEAVING TO-DAY.

Kate Putnam....Clarke.....Zanesville.

RIVER, WEATHER, ETC.

The river was apparently about at a stand last evening, with twelve feet in the channel by the Allegheny pier marks. At Oil City it was reported falling yesterday forenoon with eight feet in the channel. The weather continues clear and cool, and all that could possibly be desired for the transaction of out door business.

There has been a single transient arrival since our last report, The Bayard arrived and departed for Parkersburg; and Leni Leoti from the same point, and the Julia, from Zanesville, are both due here this morning. The Delaware cleared for the Upper Mississippi yesterday, with about all the freight she could carry, and quite a number of passengers.

The Silver Cloud and Nora got in from Brown's Island on Wednesday night, at which point the former boat sunk on Sunday last.

The Lorena was down at the pointy yesterday taking on railroad iron. She has all the freight she wants engaged, and will leave for St. Louis this evening. She will be followed by the Emma No. 3, Capt. J. H. Marratta. The Yorktown was in turn after the Lorena, but as her new boilers are not yet completed, she gave her place to the Emma.

A large number of coal tugs got off yesterday for different points down the river, and others will follow to-day.

The Robt. Moore left Cincinnati for this port on Tuesday, and if she meets with no bad luck, ought to arrive here on Saturday. The Pine Grove, from the same point, will doubtless reach here about Sunday or Monday.

The Kate Putnam, Capt. Geo. W. Clark, is filling up rapidly for Cincinnati and Louisville, and will be ready to leave this evening. Passengers and shippers should bear this fact in mind.

The Peerless arrived from Oil City yesterday with a very good trip, including six hundred and sixty-eight barrels of crude petroleum. She will return again to-day. The tow boat Louisville got in from the same point yesterday afternoon, with three boats of oil in tow.

We take the following from the Louisville *Courier* of Wednesday:
